About Epsilon Sigma Alpha

Founded in 1929, ESA offers programs and projects to help make a positive difference in the lives of others. ESA has created a powerful network of nearly 1,000 chapters to excel in community education, service, and philanthropy. ESA adopted St. Jude Children’s Research Hospital as their international philanthropic project in 1972. Over this 40 year partnership, ESA has maintained their position as the third-party organization providing the most support cumulatively to St. Jude. ESA is also involved in Hope for Heroes, a program designed to support military troops and veterans, domestic violence projects, literacy programs and scholarships, and hundreds of other worthy causes at the local, national, and international level.
